

## Don't Serve Beans

Cledus T. Judd

I'd like to welcome everybody again and say how good it is  
To see you out at the annual Holy Roller Hall Christmas fund ra  
iser

And up next we have a fellow who we've all come to know in love  
Bless him as he comes up and sings, Lord, a lovely holiday caro  
l

Cledus T. Judd featuring Out Of Sync, take it away Cledus

Thank y'all so much for coming out  
I appreciate it, I pardon me if I seem a little nervous  
At least I'm here for a good cause  
Amen, brother, I appreciate it

So if you would bear with me while I try to sing one for you  
Glad you could all come tonight, appreciate you so much  
And it comes from the heart and that's all that matters  
That's all that matters, Amen, Amen

Sta, sta, here, there it is star of wonder star so bright  
This one wish, I wish tonight, if I'm to live till morning's li  
ght  
Please, don't serve beans on Christmas night

Cook up a steak or toss some greens  
But don't bake those powerful beans  
'Cause if I take one single bite  
We won't have a silent night

And my poor dog will howl and bay  
And pray that foul bouquet will go away  
Though he will know from whence it came  
I hope it's him my guests will blame

So don't serve beans, please don't serve beans

Cook up a steak or toss some greens  
If I'm to live till morning's light  
Please don't serve beans on Christmas night

Thank you, thank you so much  
I appreciate it, thank you, thank you
