I'd like to welcome everybody again and say how good it is To see you out at the annual Holy Roller Hall Christmas fund ra iser

And up next we have a fellow who we've all come to know in love Bless him as he comes up and sings, Lord, a lovely holiday caro l

Cledus T. Judd featuring Out Of Sync, take it away Cledus

Thank y'all so much for coming out
I appreciate it, I pardon me if I seem a little nervous
At least I'm here for a good cause
Amen, brother, I appreciate it

So if you would bear with me while I try to sing one for you Glad you could all come tonight, appreciate you so much And it comes from the heart and that's all that matters That's all that matters, Amen, Amen

Sta, sta, here, there it is star of wonder star so bright This one wish, I wish tonight, if I'm to live till morning's light

Please, don't serve beans on Christmas night

Cook up a steak or toss some greens But don't bake those powerful beans 'Cause if I take one single bite We won't have a silent night

And my poor dog will howl and bay And pray that foul bouquet will go away Though he will know from whence it came I hope it's him my guests will blame

So don't serve beans, please don't serve beans

Cook up a steak or toss some greens

If I'm to live till morning's light

Please don't serve beans on Christmas night

Thank you, thank you so much I appreciate it, thank you, thank you
