

Our Time Will Come

Clem Snide

We came with gifts, too beautiful
[Incomprehensible]
With anyone who'd care to look
Look with only open eyes

It's true, our time will come
It's true, our time will come
Long after we die

We put a drop of [Incomprehensible] into
A well and it was hard to tell
That it was not the poison fear
To make their vision [Incomprehensible] clear

It's true, our time will come
It's true, our time will come
Long after we die

It's true, our time will come
It's true, our time will come
Long after we die
Long after we die

We die, we die, we die, we die
We die, we die, we die, we die
We die, we die, we die, we die
We die, we die, we die, we die
