

## Our Time Will Come

Clem Snide

We came with gifts, too beautiful  
[Incomprehensible]  
With anyone who'd care to look  
Look with only open eyes

It's true, our time will come  
It's true, our time will come  
Long after we die

We put a drop of [Incomprehensible] into  
A well and it was hard to tell  
That it was not the poison fear  
To make their vision [Incomprehensible] clear

It's true, our time will come  
It's true, our time will come  
Long after we die

It's true, our time will come  
It's true, our time will come  
Long after we die  
Long after we die

We die, we die, we die, we die  
We die, we die, we die, we die  
We die, we die, we die, we die  
We die, we die, we die, we die
