```
We came with gifts, too beautiful
[Incomprehensible]
With anyone who'd care to look
Look with only open eyes
It's true, our time will come
It's true, our time will come
Long after we die
We put a drop of [Incomprehensible] into
A well and it was hard to tell
That it was not the poison fear
To make their vision [Incomprehensible] clear
It's true, our time will come
It's true, our time will come
Long after we die
It's true, our time will come
It's true, our time will come
Long after we die
Long after we die
We die, we die, we die
Free me from this life
Free me from this life
Free me from this life
```
