

# Don't Call Me Baby

Client

Call me baby

The way isn't clear  
The thing is I just don't know  
You keep me hanging on and on and on

I wait by the phone  
I wait all alone at night  
You don't even call to tell me where you are

Don't keep me hanging on and on  
Don't even tell me what's going on

I'm sick of all your lying  
I'm tired of non-stop crying  
I'm bored of your denying  
Why don't you call me baby

I don't understand  
The thing is I just can't see  
You won't even introduce me to your friends

I cannot control  
These feelings so insecure  
I think I want this masquerade to end

Don't keep me hanging on and on.  
Don't even tell me what's going on.

I'm sick of all your lying.  
I'm tired of non-stop crying.  
I'm bored of your denying.  
Why don't you call me baby.

I'm sick of all your lying

I want you just to call me baby
