

# Monkey On My Back

Client

Did I forget to mention? I just raise the stakes  
Do you know who I am ? The girl you'd love to hate  
I don't know what I'm doing . These crosses had to  
bear.

It's never my intention. I can't go back there.

You know this is history. It's coming back to me. The  
monkey on my back...

It's calling to me

Take me I'm yours , don't run away.  
Take me I'm yours , want you everyday  
Pain equals love, want it every way  
Take me I'm yours , don't run away, run away.

You felt you knew it all , you say that I would break  
You don't know who I am. The girl you'd love to hate  
I don't need to hide. I don't need to care.  
Look outside your window, I'm out there...

You know this is history. It's coming back to me. A  
monkey on my back...

It's calling to me

Take me I'm yours , don't run away.  
Take me I'm yours , want you everyday  
Pain equals love, want it every way  
Take me I'm yours , don't run away, run away.

And it's calling to me x 4

You know this is history. Don't mean a thing to me, the  
monkey on my back

Take me I'm yours , don't run away.  
Take me I'm yours , want you everyday  
Pain equals love, want it every way  
Take me I'm yours , don't run away  
Take me I'm yours , don't run away.  
Take me I'm yours , want you everyday  
Pain equals love, want it every way  
Take me I'm yours , / don't run away x 4 /

And it's calling to me
