I Live For You

Cliff Richard

I love you darling, I live for you Why did you cheat me, and be untrue? When you knew, yes you knew I live for you

Why did you go away, what did I do? Why you were restless, with someone knew When you knew, yes you knew I live for you

Do you know how it feels to be all alone? With no one by your side Do you know how it feels to be in love? With someone's cheated lie

Now my heart is broken, what can I do? I must go on living, even without you When you knew, yes you knew I live for you

Do you know how it feels to be all alone? With no one by your side Do you know how it feels to be in love? With someone's cheated lie

Now my heart is broken, what can I do? I must go on living, even without you When you knew, yes you knew I live for you I live for you
