

I Still Believe in You

Cliff Richard

I believed in fairy tales
In magic spells and wishing wells
And pirate sails
And once I thought I'd never fall in love
That shows how much I knew

And I believed in superman
In Santa Claus the world of Oz
And Wonderland
But one by one those fantasies have failed
While you keep shining through
I still believe in you

I could never doubt your kiss
No other love fills me like this
If you take a chance, you'll see
I believe in you
Believe in me

But one by one those fantasies have failed
While you keep shining through
And I still believe in you

I could never doubt your kiss
No other love fills me like this
If you take a chance, you'll see
I believe in you
Believe in me

Other dreams may turn to dust
But I don't care, if you'll be there
I'll always trust
'Cause I believe in all my heart and soul
This dream we share is true
And I still believe in you
