It'll Be Me Babe

Cliff Richard

Who's gonna shoe your pretty feet Who's gonna hold your hand Who's gonna take you out tonight To listen to the band

Who'll be the one you love to love Who's gonna be your beau Who's gonna show you off tonight When he takes you to the show

It'll be me babe, it'll be me Comin' for thee babe, comin' for thee In case there's any doubt Just who I'm talkin' about It'll be me babe, it'll be me

Who's gonna meet you in the morn To court you through the day Who's gonna pick you up at eight To rock the night away Ahh-rock-the night away

It'll be me babe, it'll be me
Comin' for thee babe, comin' for thee
In case there's any doubt
Just who I'm talkin' about
It'll be me babe, it'll be me yeah
I want you to know it'll be me at your door
It's gonna be gonna be me babe
