

Lamp of Love

Cliff Richard

Shine on me, oh lamp of love
Shine on me from up above
And make my darling see the light
Oh, lamp of love
Bring back my love tonight

Beam your spell, oh lamp of dreams
Bring my baby with your beam
Warm her cool heart with your light
Oh, lamp of love
Bring back my love tonight

Try to find her with your glow
Please remind her I need her so

Magic lamp in the blue
Bring a wish, I wish on you
Let me kiss her and hold her tight
Oh, lamp of love
Bring back my love tonight, yeah, yeah

Try to find her with your glow
Please remind her I need her so

Magic lamp in the blue
Bring a wish, I wish on you
Let me kiss her and hold her tight
Oh, lamp of love
Bring back my love tonight, yeah, yeah
