

Mean Woman Blues

Cliff Richard

Mmmmmm

I Gotta woman mean as she can be
I Gotta woman mean as she can be
Well sometimes I think she's almost mean as me

A black cat up and died of fright
'Cos she crossed it's path last night
Well I've Gotta woman mean as she can be
Well sometimes I think she's almost mean as me

Well now I ain't bragging it's understood
Well everything I do well I sure do it good
A well uh I've Gotta woman mean as she can be
Yeah! Well sometimes I think she's almost mean as me

Well she's the strangest gal I ever had
Never was happy unless she's mad
A well uh I've Gotta woman mean as she can be
Well sometimes I think she's almost mean as me

One more time!

Well she makes love, without a smile
And Oh hot dog it drive a me wild
A well uh I've Gotta woman mean as she can be Oh Yeah
Now sometimes I think she's almost mean as me

Oh yeah now

Mean mean woman blues
Mean mean woman blues
Mean mean woman blues
Mean mean woman blues

Well sometimes I think she's almost mean as me
