

Please Don't Fall in Love

Cliff Richard

I know that you're with him just now as I write
I know you need someone to hold you at night
But I'm begging you, baby
Please don't fall in love
I knew it might happen when I was away
And now that it's happened, I just want to say
That I'm begging you, baby
Please don't fall in love

I'm usually strong but I'm feeling so weak
It wells up inside me, I cry when I speak
But the more I call you on the phone
The more I feel alone
And the less we have to say

I know that you're with him just now as I write
I know you need someone to hold you at night
But I'm begging you, baby
Please don't fall in love
I knew it might happen when I was away
And now that it's happened, I just want to say
That I'm begging you, baby
Please don't fall in love

We kissed at the airport, we said we could wait
I believe it is we who determine our fate
And I love you more than I can say
Don't throw it all away
Don't let it go by

I know that you're with him just now as I write
I know you need someone to hold you at night
But I'm begging you, baby
Please don't fall in love
I know you don't tell me, to spare me the pain
Don't want you to tell me, I don't need his name
That I'm begging you, baby
Please don't fall in love
