Please Don't Fall in Love

Cliff Richard

I know that you're with him just now as I write I know you need someone to hold you at night But I'm begging you, baby Please don't fall in love I knew it might happen when I was away And now that it's happened, I just want to say That I'm begging you, baby Please don't fall in love

I'm usually strong but I'm feeling so weak It wells up inside me, I cry when I speak But the more I call you on the phone The more I feel alone And the less we have to say

I know that you're with him just now as I write I know you need someone to hold you at night But I'm begging you, baby Please don't fall in love I knew it might happen when I was away And now that it's happened, I just want to say That I'm begging you, baby Please don't fall in love

We kissed at the airport, we said we could wait I believe it is we who determine our fate And I love you more than I can say Don't throw it all away Don't let it go by

I know that you're with him just now as I write I know you need someone to hold you at night But I'm begging you, baby Please don't fall in love I know you don't tell me, to spare me the pain Don't want you to tell me, I don't need his name That I'm begging you, baby Please don't fall in love
