

Pointed Toe Shoes

Cliff Richard

There's a brand new style a going round
A hypnotising the cats in town
A living in a walking dream
A pointed toes and that's a what I mean

I said a pointed toes are coming back again ah ah ah
Pointed toes are coming back again
Well everything's gonna reach when I got em on my feet
I said pointed toes are back again

Well they're amazed from a high coloured dye
A long and leading a narrow keen
A some are brown a some are black
My cat starts a walking he's a easy to track

I said a pointed toes are coming back again ah ah ah
Pointed toes are coming back again
Well everything's gonna reach when I got em on my feet
I said pointed toes are back again

A well a shot toed and high heel and buckled on the side
A zip em up and lace em up a any old style
I won't have to worry bout a stepping on my blues
I can't cut and caddle with my pointed toe shoes

I said a pointed toes are coming back again ah ah ah
Pointed toes are coming back again
Well everything's gonna reach when I got em on my feet
I said pointed toes are back again.
