

So I've Been Told

Cliff Richard

(So I've been told, so I've been told)
At the end of her rainbow
You'll find a pot of gold
So I've been told (so I've been told)
So I've been told (umm...yeah)

At the end of your love affair
You'll find a stranger there
So I've been told (so I've been told)
So I've been told (umm...yeah)

You find the true love, just like me
Like love has its end
You find a new love, wait and see
Take this advice from a friend

If anybody ask you who tout you what you know
Say you've been told (say you've been told)
Say you've been told (umm...yeah)
(Say you've been told, say you've been told)
