

## That's My Desire

Cliff Richard

To spend one night with you  
In our old rendezvous  
And reminisce with you  
That's my desire

To meet where gypsies play  
Down in that dim caf'  
And dance till break of day  
That's my desire

We'll sip a little glass of wine  
And I'll gaze into your eyes divine  
I'll feel the touch of your lips  
Pressing on mine

To hear you whisper low  
Just when it's time to go  
Cheri, I love you so  
You're my desire

Oh...  
Cheri, Cheri,  
Oh...that's my desire
