

When I Find You

Cliff Richard

La-la-la-la-la-la-la-la...

All for a life free of sorrow, sorrow
I've been broken in two, baby
I'll find another, tomorrow
When I find you

I could be leading a life free of strange
If only someone was there
Life without love is no life at all
This moment I'm feelin' so small

All for a life free of sorrow, sorrow
I've been broken in two, baby
I'll find another, tomorrow
When I find you

La-la-la-la-la-la-la-la...

I could be leading a life free of strange
If only someone was there
Life without love is no life at all
This moment I'm feelin' so small

All for a life free of sorrow, sorrow
I've been broken in two, baby
I'll find another, tomorrow
When I find you

La-la-la-la-la-la-la-la...

All together now, la-la-la-la-la-la-la-la...
