

## When You Walk in the Room

Cliff Richard

I can feel a new expression on my face  
I can feel a glowing sensation taking place  
I can hear the guitars playin' lovely tunes  
Every time that you walk in the room

I close my eyes for a second and pretend it's me you want  
Meanwhile I try to act so nonchalant  
I feel a summer's night with a magic moon  
Every time that you walk in the room

Baby it's a dream come true  
Standin' right along side of you  
Wish I could show you how much I care  
But I only have the nerve to stare

I can feel a something pounding in my brain  
Just any time that someone speaks your name  
Trumpets sound I hear thunder boom  
Every time that you walk in the room
