

Without You

Cliff Richard

I don't wanna go to a movie show
And go on kissin' free
I don't wanna go out dancin'
If you are not there with me
I won't go, without you

I want you with me everywhere
'Cause you are just my kind
Don't wanna go romancin'
While I gotta leave you behind
I won't go, without you

Well, you hear a real story
Believe the word they say
'Cause I've been telling everybody
You'll be mine someday

I don't wanna go to a movie show
And go on kissin' free
I don't wanna go out dancin'
If you are not there with me
I won't go, without you

Well, you hear a real story
Believe the word they say
'Cause I've been telling everybody
You'll be mine someday

I don't wanna go to a movie show
And go on kissin' free
I don't wanna go out dancin'
If you are not there with me
I won't go, without you
