

## Y'Arriva

Cliff Richard

Way down in the land of sunny Mexico  
There's a fellow, I'm sure that you all know  
Any time within his trouble there  
You bound to hear his cry ringing through the air

Andele y'arriva  
Andele y'arriva  
In Spanish this means I'm here  
Andele, andele, andele y'arriva

One day last May a tourist came to town  
And very soon he started hanging 'round  
With the Speedy's girl giving her the eye  
And suddenly he heard this famous cry

Andele y'arriva  
Andele y'arriva  
In Spanish this means I'm here  
Andele, andele, andele y'arriva

He hit the tourist with the speed of light  
And next to no-time he had won the fight  
The last words he remembered for his flight  
Were: Senor, you're leaving Mexico tonight

Andele y'arriva  
Andele y'arriva  
In Spanish this means I'm here  
Andele, andele, andele y'arriva

So if you ever go to sunny Mexico  
Enjoy yourself but be careful how you go  
And listen well to everything I say  
'Cause I was that tourist there one day last May

Andele y'arriva  
Andele y'arriva  
In Spanish this means I'm here  
Andele, andele, andele y'arriva
