

You know Renee I'm bored while you pulsate, come as ever  
Can you come as ever?  
Seeking more sun here in your day, come as ever  
Can you come as ever?  
Making me warm here to your taste, come as ever  
Did you come as ever?  
I'll beat them black and beat them blue  
I'll beat them 'til they oh oh oh  
Use the best and use the best and oh oh oh oh oh oh

Know, would you know now it's getting late, come as ever  
Can you come as ever?  
Knowing your eyes are dinner plates, come as ever  
Can you come as ever?  
Making me warm here to your taste, come as ever  
Did you come as ever?  
I'll beat them black and beat them blue  
I'll beat them 'til they oh oh oh  
Use the best and use the best and oh oh oh oh oh oh

Oh and up there Renee I'm bored while you pulsate, come as ever  
Can you come as ever?  
Making me warm here to your taste, come as ever  
Did you come as ever?  
Beat them black and beat them blue  
Beat them 'til they oh oh oh  
Use the best and use the best and oh oh oh oh oh oh

Come they'd never know  
Come they'd never know  
Come they'd never know  
Come they'd never know  
Come they'd never know  
Come they'd never know  
C'mon
