

We're up a hill and down a slope  
We're up a hill and down  
Up a hill and faster though  
We're up a hill and down

Thinking me, mine, me, mine does you no harm  
Me and mine, me and mine does you no

Blixen and Saint Anna on the snows  
Got to get and get the main glows  
Marvo, Marvo, Marvo don't be gauche  
Just can the can and can of Mother knows

We're up a hill and down a slope  
We're up a hill and down  
Up a hill and faster though  
We're up a hill and down

Singing me, mine, me, mine does you no harm  
Me and mine, me and mine does you no

Blixen and Saint Anna on the snows  
Got to get and get the main glows  
Marvo, Marvo, Marvo don't be gauche  
Can the can and can of Mother knows

Me and mine, me and mine does you no harm  
Me and mine, me and mine does you no harm

Blixen and Saint Anna on the snows  
Got to get and get the main glows  
Marvo, Marvo, Marvo don't be gauche  
Can the can and can of Mother knows

Faster, faster, faster, low, we're faster, faster, faster low  
Faster, faster, faster, low, we're faster, faster, faster low  
Faster, faster, faster, low, we're faster, faster, faster low,  
faster  
Faster, faster, faster, low, I said faster, faster, faster low,  
boys
