

The Vulture

Clinic

Mm Nita and her black haired mother
In the warmth an' in the glow
Sow them up like any other
Sow them up like one you know
Sow them up like one you know
Sow them up like one you know

Vulture vulture uncovered
Oh vulture vulture must know that
The best you left here for others
Is the best the rest of us know

Mm Gilly in the summer lazing
In the warmth and in the glow
Sow them up like any other
Sow them up like one you know
Sow them up like one you know
Sow them up like one you know

Vulture vulture uncovered
Vulture vulture must know
And the best you left here for others
Is the best the rest of us know

Sow them up like one you know
Sow them up like one you know
Sow them up like one you know

Vulture vulture uncovered
Vulture vulture must know that
And the best you left here for others
Is the best the rest of us know
