

## Loosen Up My Strings

Clint Black

No one's gonna jerk me around  
One I get my feet on the ground  
I'm gonna hit it runnin'  
Gonna call it a day  
See, a little bit of tension  
Goes a long, long way

The boss man has got mine in a sling  
But I'll be swingin' when I loosen up my strings

Every night when the sun goes down  
You won't find me hangin' around  
I'm in loco-motion like a rock out on roll  
I'm nobody's puppet  
I'm out of control

The boss man has got mine in a sling  
But I'll be swingin' when I loosen up my

Now, when it comes to getting down  
And I'm always keepin' track  
I don't need some yo-yo takin' up my slack

The boss man has got mine in a sling  
But I'll be swingin' when I loosen up my strings

Yeah, he'll have a line on me til my fat lady sings  
But I'll be swingin' while I loosen up my strings  
Yeah, we'll all be swingin' while I loosen up my strings  
Hey, we'll all be swingin' when I loosen up my strings
