

Ode To Chet

Clint Black

When I bought this guitar it had brand new strings
Brand new strap all those things
Brand new pick both thumb and flat
All the elementary things like that

I went ahead and took it everywhere I went
Couldn't count the hours that I must've spent
I heard the girl was lookin' for a guitar man
I'll abridge her anyway I can

'Cause I can win her over
Like Romeo did Juliet
If I can only show her
I can learn to pick that Figato(?) lick like Chet

It'll take more than Mel Bay 1, 2, & 3
If I'm ever gonna play like CGP(?)
My legato is staccato but what I don't fret
Is droppin' any note that I don't get

'Cause I can win her over
Like Romeo did Juliet
If I can only show her
I can learn to pick that Figato(?) lick like Chet

'Cause I can win her over
Like Romeo did Juliet
If I can only show her
I can learn to pick that Figato(?) lick like Chet
