

## Ode To Chet

Clint Black

When I bought this guitar it had brand new strings  
Brand new strap all those things  
Brand new pick both thumb and flat  
All the elementary things like that

I went ahead and took it everywhere I went  
Couldn't count the hours that I must've spent  
I heard the girl was lookin' for a guitar man  
I'll ablidge her anyway I can

'Cause I can win her over  
Like Romeo did Juliet  
If I can only show her  
I can learn to pick that Figato(?) lick like Chet

It'll take more than Mel Bay 1, 2, & 3  
If I'm ever gonna play like CGP(?)  
My legato is staccato but what I don't fret  
Is droppin' any note that I don't get

'Cause I can win her over  
Like Romeo did Juliet  
If I can only show her  
I can learn to pick that Figato(?) lick like Chet

'Cause I can win her over  
Like Romeo did Juliet  
If I can only show her  
I can learn to pick that Figato(?) lick like Chet
