

# Sucks To Be You

Clinton Sparks

[Clinton Sparks]

Calling up my phone  
Showing up at the club  
When I tell you to stop  
You just keep showing up  
Cause you're feeling regret  
Now that we are through (through, through, through)  
Since the day you've left  
Everything's bein' cool  
Thought that you were fresh  
But the jokes on you  
And now what we had  
Is all that you'll claim too (too, too)

[Chorus]

I bet it sucks to be you, you, you  
I bet it sucks to be you, you, you  
Yeah, it sucks to be you, you, you  
It must suck to be you, you, you  
When you say 'me',

You must of been outta your damn mind  
You break my heart and now you wanna cry?  
Mad at yourself, because of me you failed  
Cause leaving me, girl, was your epic fail.  
You lose.

[LMFAO]

I see your tweets  
On how I'm so sweet  
How you miss taking trips abroad  
Getting freaky by the tiki on the beach  
Uh, but you should do know  
That you never should've done me wrong  
Now I'm in the club  
Singing David Guetta girl,  
The 'Love is Gone'

You gotta br outta your damn mind (damn mind)  
You break my heart and now you wanna cry (wanna cry)  
I really wasn't worth that other dude  
You slip and slide and say 'bye, bye, you fool'  
I'm gone!

[Chorus]

[JoJo]

Stop calling me drunk, when you're stumbling home.  
Boy, you're shit outta luck  
You're going be sleeping alone.  
Oh and stop telling lies  
As if I'm stalking you.  
You know you'll be crying to my best friend and my mamma too  
You're really creeping me out  
When will you leave it alone  
Don't be surprised when I just go ahead and cut off the phone.  
And you're so stuck in the past

You need to just let it go.

I bet it sucks to be you, you, you  
I bet it sucks to be you, you, you  
Yeah, it sucks to be you, you, you  
It must suck to be you, you, you  
When you say 'me'.

[Clinton Sparks]  
Man, I ain't tripping on you,  
I'm just gonna go out and (party)  
We gonna hit the club, because tonight we gonna (rock)  
So if you happen to run into me, out at this (party)  
Don't bother talking, cause you and me ain't gone ever (rock)

Bitch, I'm gone.  
Bitch, I'm gone.  
Bitch, I'm gone.  
You lose.
