

# Without You

Clique Girlz

I thought that leaving here would be  
Harder than anything  
I'd ever done

Yes, I believed that you were the one  
And now I know that I just wasn't right  
And giving up this fight  
Was something on the other side

Without you I'm finally free  
I'm no longer in the shadows  
Without you it's easy to breathe

Now that we're not together  
Every thing's so much better  
Without you, without you

So take your things, I don't need them  
To remind me of  
The way we were and how we've been  
That just brings me down

I don't need sympathy from anyone  
I'd rather be alone  
Standing on my own

Without you I'm finally free  
I'm no longer in the shadows  
Without you it's easy to breathe

Now that we're not together  
Every thing's so much better

You were the one who made me cry  
Promised you would change a thousand times  
We had a love I couldn't chain

But you turned me around  
And now I just can't take it no more  
Take it no more, take it no more

I just can't take it, I just can't take it  
I just can't take it, I just can't take it  
I just can't

I thought that leaving you would be  
Harder than anything  
I was so wrong

Without you I'm finally free  
I'm no longer in the shadows  
Without you it's easy to breathe

Now that we're not together  
Every thing's so much better

Without you

Without you  
Without you
