

## Inbreed Seed

Cliteater

Lack of breeding keep you from developing yourself  
Born out of your promiscuous sister  
Whom went down on your father

Imprefect being  
Born out of sins  
Propitiate your family at all time  
By keeping it in the family  
Keeping it in the family

Inbreed seed  
Breeding fucking mongols  
Inbreed seed  
Living your retarded life  
Inbreed seed  
Your family spreads like cancer  
Inbreed seed  
You don't take no far an answer

repeat chorus

Spilling your seed  
In your mothers cunt  
Who's actually your sister  
Lay down on her  
Moaning and groaning  
Family love never felt so right
