

## Just Too Bloody Stupid

Close Lobsters

Walk, Walk  
Slip up, messed up  
One, two, three  
Some examples  
His mind mind is small  
His motives crooked  
Cave his head, 'too bloody stupid'  
Not just dumb that he said

Walk, walk  
Wake up, wake up  
One One Slip up Slip Up  
Gravity will just take it from you with it  
Don't pretend to comprehend that much  
From this point I'll say it exactly

These backwards spineless selfish swine  
They come between us every time

One, one  
Pop like that  
They always pop like that  
One, two, three  
These examples  
His mind is small  
His motives crooked  
Cave his head too bloody stupid  
Cave his head just too bloody stupid

These backwards spineless selfish swine  
They come between us every time

One, one  
Pop like that, pop like that

These backwards spineless selfish swine  
They come between us every time
