

Broken Soul

Close To Home

The night fell into me when we met
No feeling can with stand
The way I felt when she took my hand
She only knows what emotions
When truth comes to an end
A broken soul inside my hands
Broken soul inside my hands

People tell me I will be fine
Everything will work out in time
This is for the best
I know. I know.
I cried for you when you said goodbye
You lost a love that cost me my life

The truth in every lie
You fall for every time
If I were you
I wouldn't live that way
Have you forgotten how to love
Knowing there is someone up above
That's not what I have heard
There's a broken soul on my hand

People tell me I will be fine
Everything will work out in time
This is for the best
I know. I know.
I cried for you when you said goodbye
You lost a love that cost me my life
My life
My life

But you stole this world away
People tell me I will be fine
Everything will work out in time
This is for the best
I know I know
I cried for you when you said goodbye
You lost a love that cost me my life
