

Can you feel?  
Can you feel?  
Can you feel  
Can you?  
On the way of your life and love  
A final stop is dark oblivion  
Lay it on me  
I could try to show you out  
Can you feel?  
Can you feel?  
On the way of your life and love  
Where you lost your soul  
I know a direction in which we can go  
Can you feel?  
Can you feel?  
I enjoy  
I enjoy  
Leading you like a blind man  
I enjoy  
I enjoy  
I enjoy  
Giving my thoughts to you  
I enjoy  
You're like a toy in my hands  
You're like a toy...
