I've been sleeping for a million years
I will never know what woke me up and brought me here
Please don't let me go under again, under again
Please don't let me go

I've been taking too much for granted
I will never never kill myself again
I am a lucky one
I am a lucky one

Please don't let me go under again, under again
Please don't let me go
Please don't let me go under again, under again
Please don't let me go
