

Lights Inside My Head

Cloud Cult

I've been seeing lights inside my head
I'm not broken, I am fixed again
Will you love me through these changes?
'Cause I can't make them go away

And Hell is the fear of pain
While Heaven is the faith that things will be okay
And all your life you've been waiting for someone to hold you like the day you were born
To look into those eyes and know that we are all the same

And you're so beautiful in every way
And fuck 'em, Lucy
But I'm drunk again
I'll be okay...
