

Took You For Granted

Cloud Cult

I could see all the universe inside you;
You had eyes made of candles,
And your body was a medicine bag
That all the world could heal from -
I couldn't help but be mystified by you.

And I'm living all alone,
With just a bag of burned bones,
And I don't even know if you can hear me.
And I'm only half a man without you, my friend,
Fuckin' A! fuckin' a! fuckin' a!

And I can't wait
Cause I really need
You to come back
You to come back

And I can't wait
Cause I really need
You to come back
You to come back

I took you for granted, but now I understand
I always thought you'd be there.
I can't help but say they've taken away the biggest thing I care for.
I live in the black; it's a simple fact:
I'm here but I'm not aware.
I took you for granted but now I understand
I always thought you'd be there.

I miss you.
I miss you.
I miss you.
I miss you.
I miss you.

It's all that a movie
I love you for being
It's beautiful
you're perfect
you're everything
I love you

I can't see you there
I can't see you there

I can't see you there
I cannot see you there
