

# You Got Your Bones To Make A Beat

Cloud Cult

You got your bones to make a beat  
You better make a mighty good beat  
You got your skin to sing a song  
You better sing a super swell song

I got my skin to sing a song  
I gotta sing a super swell song  
I got my bones to make a beat  
I better make a mighty good beat

Let's pick up the beat!
