### Cloud Nothings

I'm losing it, what do I care  
I'm losing it, what do I care  
I'm losing it, what do I care  
I'm losing it, what do I care  
Swallow, swallow, swallow, swallow  
I'm losing it, what do I care  
I'm losing it, what do I care  
I'm losing it, what do I care  
I'm losing it, what do I care  
Swallow, swallow, swallow, swallow  
I thought there would be more for me to do  
I thought there would be more for me to do  
I thought there would be more for me to do  
I thought there would be more for me to do  
I thought there would be more for me to do  
I thought there would be more for me to do  
I thought there would be more for me to do  
I thought there would be more for me to do

Oh, saying something it's supposed to be true  
Saying something it's supposed to be you  
Oh, saying something it's supposed to be true  
Saying something it's supposed to be you  
Oh, saying something it's supposed to be true  
Saying something it's supposed to be you  
Oh, saying something it's supposed to be true  
Saying something it's supposed to be you
