

## Pattern Walks

Cloud Nothings

There's something wrong here  
Nothing in the air is moving  
I feel a chill and try to keep my body walking  
Another person who's is right behind me  
I'm moving foward while I keep the past around me

Pattern walks  
Pattern walks  
Pattern walks in the moon tonight and

I'm slow at times  
That leaves a place for no improvements  
A little piece of Another person just has to be right behind me  
I'm moving foward while I keep the past around me

Pattern walks, Pattern walks  
Pattern walks in the moon tonight and

Pattern walks, Pattern walks  
Pattern walks, Pattern walks

I don't feel bored and worried  
I just feel strange  
Coming up the Thought that I could change

I thought, I thought  
I thought I never would remember  
Would remember

I thought...
