

Real thing

Cloud Nothings

Over my head, under your bones
Feeling talking hunter I know
Late night movie, can't make me move
Late night greeting, can't make us choose
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
Over my head, neon air-waves
Feeling talking under your bones
Late night movie, can't make me move
Late night greeting, can't make us choose
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
Talk too much, but not enough
You've got a real cool thing, a real cool thing yeah
