

Stay Useless

Cloud Nothings

Can I see
What's going wrong with me
I use to have it all now I'm alone
I'd never say
I'm better off this way
I need something to do somewhere to go

I need time to stop moving
I need time to stay useless
I need time to stop moving
I need time to stay useless
I need time to stop moving
I need time to stay useless
I need time

Can I feel
So utterly unreal
Like nothing I could do would make things change
I'm stuck in here
And I'm tired of everywhere
I'm never gonna learn to be alone

I need time to stop moving
I need time to stay useless
I need time to stop moving
I need time to stay useless
I need time to stop moving
I need time to stay useless
I need time

oh oh oh oh [x4]

I need time to stop moving
I need time to stay useless
I need time to stop moving
I need time to stay useless
I need time to stop moving
I need time to stay useless
I need time
