

## Strange Year

Cloud Nothings

I'll feel right later, for now I'm on you  
Cut even container, I'm out on that too  
My conscience is greater than lashes and fume  
One part of a layer relying on you

Down, I'm seeing you  
Down, I'm seeing you  
Down, I'm seeing you  
Down, I'm seeing you

Using my life I've fallen behind  
Try to go back from older inside  
Nothing reverses errors in time  
Nothing reverses starting decline

I'll feel right later, for now I'm on you  
Cut even container, I'm out on that too  
My conscience is greater than lashes and fume  
One part of a layer relying on you

Down, I'm seeing you  
Down, I'm seeing you  
Down, I'm seeing you  
Down, I'm seeing you

Using my life I've fallen behind  
Try to go back from older inside  
Nothing reverses errors in time  
Nothing reverses starting decline
