

# Paid In Blood

Cloudscape

Who can we trust, feels like no one  
Acting like you and me  
Hibernating in their cells  
They are biding their time

Forever waiting for salvation  
Life has no sense of being kind and caring  
Creating death

Sacrifices paid in blood

Religious revolution

We are fighting holy wars  
It's a suicide solution

No one can see it nor understand it  
Strapped to their bodies  
The will to die, a sacrifice  
In the name of the prophet

Senseless killing, heartless behavior  
The innocent wounded  
It's time to close the door for freedom  
Freedom exists no more

Sacrifices paid in blood

Religious revolution

We are fighting holy wars  
It's a suicide solution

Following mindless leaders  
Speaking words of hatred  
Slaying the infidels  
By dying themselves

Sacrifices paid in blood

Religious revolution

We are fighting holy wars  
It's a suicide solution

Sacrifices paid in blood

We are fighting holy wars  
It's a suicide solution
