Slave

Cloudscape

She was caged in a room
Without any way to get out.
She was lost in a darkness
Which she could not figure out.
Couldn't stay there anymore.
She was trapped
And couldn't get out of there.
No nightmare is comparable.
She's been abused as a slave
And she's suffering.

She felt the pain
(She felt the pain)
Dreaming of freedom
Dreaming of light
(Dreaming of light)
She'd find a way
(She'd find a way)
Running for freedom
Running for light.
(Running for light)

She saw a chance to escape
She'd run through broken glass.
Wouldn't feel anymore pain
In that prison of slavery.
Now she's running for her life.
She was used to be chained
But now she's out of there.
No nightmare is comparable.
Now she's free like she is supposed to be.

She felt the pain
(She felt the pain)
Dreaming of freedom
Dreaming of light
(Dreaming of light)
She'd find a way
(She'd find a way)
Running for freedom
Running for light.
(Running for light)

She was freed from the chains
That kept her enslaved.
Now she's running for her life.
She was used to be chained
But now she's out of there.
(Out of there)
No nightmare is comparable.
Now she's free
Like she is supposed to be.

She felt the pain,
Dreaming of freedom
Dreaming of light.
She'd find a way,

```
Running for freedom
Running for light.
She felt the pain,
Dreaming of freedom
Dreaming of light.
She'd find a way,
Running for freedom
Running for light
```
