

# Under Fire

Clout

I'm sentimental  
I found a gentle  
Lover ever coming my way  
A continental, experimental  
Acting of love I obey

Get the champagne (Going down)  
My defences (Slowing down)  
Baby, see I'm under fire  
He's reaching my desire

Ooooooooooh  
Can't you see I'm under fire  
Never hears desire  
Offering my heart on fire  
You get me under, under, under, under  
Fire, fire  
Fire, fire

I'm in a safe seat  
I never meant him to come along and tear me apart  
While you were waiting and hesitating  
Another man invaded my heart

I resisted (Go away)  
He insisted (So you say)  
Baby, now I'm under fire  
He's reaching my desire

Ooooooooooh  
Can't you see I'm under fire  
Never hears desire  
Offering my heart on fire  
You get me under fire

Get the champagne (Go-ooo-ing down)  
My defences (Slowing down)  
Baby, see I'm under fire  
He's reaching my desire

Ooooooooooh  
Can't you see I'm under fire  
Never hears desire  
Offering my heart on fire  
You get me under, under, under, under  
Fire, fire  
Fire, fire  
Fire, fire  
Fire, fire  
Fire, fire  
Fire, fire  
Fire, fire
