

## Willie Nelson

Clutch

Blackjack booted demons  
Have surrounded my home  
Got dogs and 'copters  
and keep ringing my phone

Well I don't know if I'm coming or going  
If it's them or me  
Oh, but one things for certain  
Willie Nelson only smokes killer weed

Now they're breaking my windows  
Banging on my doors  
Got me down and hog-tied  
Rifling through my drawers  
Boss demon tells me  
Oh how he would like to kill me  
Save your bullets tough guy  
My disease does that for free

Well I don't know if I'm coming or going  
If it's them or me  
Oh, but one things for certain  
Willie Nelson only smokes killer weed  
Well I don't know if I'm coming or going  
If it's them or me  
Oh, but one things for certain  
Willie Nelson only smokes the greenest green  
Well I don't know if I'm coming or going  
If it's them or me  
Oh, but one things for certain  
Willie Nelson only smokes killer weed
