

Clock

Coal Chamber

Clock tick tick tick, tick tock, tick tock

Wicked mind you hold the hour
but my mind it holds the power

Clock tick tick tick

Where did the time go?
what do I have to show?
watching the time fly (go by)
watching the time fly

Clock - it counts my fears

My time goes by so slow
my clock goes by so slow

Come closer you can do better
you can do better than me

It counts my fears
