

Dreamtime

Coal Chamber

Something in my mind keeps me satisfied
shoved aside, pushed to the wayside
if you lead, I will follow you

Vague memories in my mind they hide
shoved aside to get thrown by the wayside
if you lead, I will follow you

Dreamtime comes quick when broken
keep me satisfied so help me

So long I prayed for dreamtime, so help me

And it's inside of you my friend
who'll save me, who will?
it's all inside of you, dreamtime
