

## Notion

## Coal Chamber

There is goes it goes with her.  
it never leaves so easily  
and there it goes it goes with him.  
it never leaves so easily  
and thoughts come.  
and thoughts go.  
tear people apart who don't know  
it's just a notion that comes to me  
here it comes it comes to her.  
it doesn't come so easily  
and here it comes it comes with him.  
it doesn't come so easily  
and thoughts come.  
and thought go.  
tear people apart who don't know  
it's just a notion that comes to me...
