

Lost and lonely
your colors surrounding me
it's only my way to breakn' free
in my mind I hear the souee

Don't you see I'm set free
I'm set gone gone free

Lost and lonely
you make your way through this day
preceding your way after way I hate
in my mind I here the souee
souee here pig pig pig pig

Murderer, terror, killer, terror
filthy, I'm filthy
I'm filthy swine and I'm filthy

Don't read the writing
well come up and you will see
